

*****NOTICE*****

When entering the Marc H. Westbrook Judicial Center you will be required to pass through a screening station staffed by the Lexington County Sheriff's Office. As you enter, you will be required to walk through metal detection equipment. The deputies will also check the contents of your belongings by X-ray machine and/or physical search. The deputies have full discretion as to what items may or may not be allowed into the building. If an item is deemed inappropriate, you will be asked to return the item to your vehicle before entering the building, as this facility does not have storage space available to keep your personal items. Once you have been cleared by the screening station, you will be permitted to enter the building.

Thank you for your cooperation,

Lisa M. Comer
Clerk of Court

***If you have specific medical needs, please advise deputies at screening and we will do our best to accommodate your needs.
