

# VOLUNTEER FIREFIGHTERS NEEDED!

**Would you consider it an honor to serve your community in times of great need? Then join the County of Lexington Volunteer Firefighters!**

*“I like to physically help people, which was an opportunity presented from the start. I had the chance to further my studies in order to grow and better myself. I like Lexington County and the close-knit community. I’m a firm believer in the County’s goals.”*

*-Volunteer Firefighter (For 9 years)*

*“The career as a firefighter is very challenging in many ways, but the satisfaction you feel in your career choice by being the one your community looks up to and counts on to save their lives and protect their property, is worth every challenge you face.*

*- Captain, Lexington County Fire Service-*

**You can make a difference in your community...the time is now!**
