# Memorandum

October 14, 2009

**To:** Katherine Hubbard  
County Administrator

**For:** Katherine Hubbard  
County Administrator

**From:** Charlie Compton, Director  
Department of Planning and GIS

**Reference:** Self-Hosting of Pictometry-on-Line

We now budget \$13,908 for twelve months of Pictometry-on-Line (POL) hosted out of Rochester, New York. Our renewal is due next month. With that arrangement we get only 50 connections.

Jack Maguire has negotiated a deal that gets us installation of self-hosting POL for \$16,735+/- plus some tax. Because it cannot be scheduled for installation by Pictometry until January, we get at least three months of POL free. We have been working with IT on the server portion of the installation. It will either be a virtual server, one of the decommissioned servers, or a new server that we will buy for them.

Since we will only owe Pictometry \$8,368+/- plus tax (half of the installation) this fiscal year, we will have approximately \$5,540 to assist IT, which is a lot more than will be needed. Next year we will pay the other half of the installation and begin paying our annual maintenance of approximately \$2,880. Together that will be over \$2,660 less than we are now paying. And in years after that it will be only \$2,880, which is \$11,000 less than we are now paying.

Currently we get only 50 connections. With self-hosting there is no limit on the number of users on our network, and those off our network will be able to use a version with fewer tools directly from our website. That will also give the public access to these images which they currently do not have. We can also divorce ourselves from the constant updates of off-site computers at the municipalities, etc. by offering them the internet version.

To get this deal we simply need to say yes before the end of the month.

### **SECTION III. – PROGRAM OVERVIEW**

The Lexington County Sheriff's Department has been awarded a mini-grant from the SC Department of Public Safety in the amount of \$25,000 as the Coordinating Agency for the 11<sup>th</sup> Judicial Circuit Law Enforcement Network. The Law Enforcement Network Traffic Support Team will be allocated 75% (\$18,750) of the awarded funds to increase the efficiency and effectiveness of the traffic enforcement units in all Lexington County municipalities. The remaining 25% (\$6,250) is mandated to be used by the Host Agency for the same purpose. There is no match requirement for this grant.

---

**SECTION V. B. – OPERATING LINE ITEM NARRATIVES**

**521208 - POLICE SUPPLIES**

**\$7,500**

Rechargeable flashlights will be purchased for all the traffic officers within the 11<sup>th</sup> Judicial Circuit. These flashlights will provide three times the illumination of the battery operated flashlights and will provide the officers with a safer approach to a vehicle when making a stop. Other supplies, such as plaques and service award certificates, will also be purchased to recognize officers for their job performance in traffic enforcement.

**525210 – CONFERENCE AND MEETING EXPENSES**

**\$6,818**

The LEN Highway Safety grant terms and conditions require that the Coordinator and the Assistant Coordinator attend the National Highway Safety Law Enforcement Conference. The grant also requires that meetings are held monthly for the purpose of training for the 11th Judicial Circuit Law Enforcement Network Traffic Teams.

The estimated cost for the Coordinator and Assistant Coordinator to attend the National Highway Safety Law Enforcement Conference is \$ 950.00. The estimated cost for the monthly meetings is \$489 (\$489 x 12 months = \$5,868), the amount charged will be based on the number of officers that attend the meetings.

**SECTION V. C. –CAPITAL LINE ITEM NARRATIVES**

**540000 - SMALL TOOLS AND MINOR EQUIPMENT \$ 500**

A multi function printer/fax/scanner is needed to produce copies and send to other agencies and personnel within minutes for the fastest possible communications.

The estimated cost is \$ 500.00.

**5AA368 - (2) SPEED AND LIGHT MEASUREMENT UNIT \$ 4,960**

A speed and light measurement unit that will target specific areas of required measurement is necessary to perform accurate documentation of traffic scenes and enforcement.

The total estimated cost including tax and shipping is \$ 4,960.

**5AA369 - (4) IN-CAR RADAR UNITS \$ 5,222**

The in-car radar units are used to measure speed and as a tool to convict offenders. As a result, a reduction in the number of speed related collisions. The radar units will be used by the support LEN agencies.

The total estimated cost is \$ 5,222.

Re: Highway Safety Grant Number: 2JC10011

Dear Sheriff Metts:

I am pleased to provide you, as the Host Agency for the 11th Judicial Circuit Law Enforcement Network, with a grant award approved by this office in the amount of **\$25,000** (\$6,250 for the Host Agency and \$18,750 for LEN Support), with funding beginning October 1, 2009. In order to complete the contract for this award, it is necessary for you, as the Sheriff, to return the original mini-grant award with an original signature within 30 days. The signed original should be sent to:

Dr. Ed Harmon, Assistant Director  
Office of Highway Safety  
S. C. Department of Public Safety  
P. O. Box 1993  
Blythewood, South Carolina 29016

A copy of the Request for Payment form is available online at [www.scdps.org/ohs](http://www.scdps.org/ohs). This form is to be completed and submitted quarterly. The first Request for Payment for this grant is due February 1, 2010, for the quarter ending December 31, 2009. Timely submission of the request will ensure the processing of eligible claims filed against this grant.

Also included are the Special Conditions and the approved budget. Please review them carefully as returning the signed grant award indicates your willingness to accept the Special Conditions placed upon you as the subgrantee.

Congratulations on your network's funding for FFY 2010. Our staff looks forward to working with you in our joint mission to reduce the incidence and severity of traffic crashes in our state. Please contact your assigned Law Enforcement Liaison, Dennis Ray, toll free at 1-877-349-7187, if you have any questions regarding this award.

Sincerely,

Phil Riley

### **RE: GREAT NEWS!!! FY2009 SCAAP AWARDS ANNOUNCED**

Justice Benefits, Inc. is very excited to inform you that the Bureau of Justice Assistance (BJA) has released the Award Payment List for the FY2009 State Criminal Alien Assistance Program (SCAAP).

Congratulations! **Lexington County** was awarded **\$64,935.00**.

BJA has also stated that they will activate the drawdown link in the Grants Management System within the next three weeks, and you will then be able to accept your award.

**There is a deadline to drawdown the money.** Once you receive the official notification from BJA that your award is available for drawdown, you must accept your award through the GMS within 45 calendar days. Once 45 days elapses, the award may no longer be available.

Once we (JBI) discover that BJA has activated the drawdown link in the GMS, we will email you the detailed drawdown procedures. JBI's Help Desk will also be available to provide assistance with the drawdown procedure, if needed. Please feel free to call us at **800-576-3518**.

Finally and most importantly, we would like to commend the many individuals on your staff for the wonderful spirit of cooperation in working with JBI as we analyzed data and prepared Lexington County's claim. It was only through the "partnership" of Lexington County and JBI that led to the ultimate success of this most deserved award for the FY2009 State Criminal Alien Assistance Program.

As we have in past years, attached at the end of this email you will also find a document that can be used as a press release suitable for your local newspaper and other media.

Please do not hesitate to contact JBI regarding any questions to this email or other questions pertaining to the SCAAP Program.

Sincerely,

## **Press Release**

### **Lexington County Awarded Federal Reimbursement from the FY2009 SCAAP PROGRAM**

The U.S. Department of Justice announced the award of \$64,935.00 to Lexington County, SC, to reimburse some of the costs of incarcerating undocumented criminal aliens who have committed serious crimes in the United States. The goal of this program is to enhance public safety in communities throughout the nation.

This opportunity originates from federally mandated programs that the County is providing at local cost. As many local entities are aware, the Federal Government drives local political entities to assume more responsibility for the administration and delivery of government services. Many times these services are funded with local dollars.

However, in some cases there are federal funding opportunities available, if the proper request is made. Identifying federal funding stream opportunities and then properly applying for them are not simple or easy tasks. The interaction between federal, state and local political entities is complex, and often unwieldy for most local political entities.

An aggressive program of researching and applying for little known federal programs to supplement the local tax burden was implemented by engaging Justice Benefits, Inc. (JBI) for assistance.

JBI is a public sector consulting firm located in Dallas, Texas, that specializes in locating and accessing hard-to-find federal reimbursements for local and state entities. JBI does the research, gathers and analyzes the data, and completes all necessary information to be included in the application. As a result of JBI's expertise and experience, Lexington County was able to maximize its dollar amount on this application. Lexington County was one of only 900 (out of 3,140) eligible local entities across the U.S. that successfully applied for these dollars.

RE: Requirements for Submission of CTC Annual Report

Dear Ms. Summers:

The C Program Administration Office is taking this opportunity to share with all Self-Administered County Transportation Committees the requirements of Section D of the State C Fund law (12-28-2740) regarding the submission of annual reports. This law requires CTCs administering their own C funds to provide a general account of all expenditures to the Department each year. The report is to include a description of each project and a general accounting of all expenditures made in connection with each project. SCDOT compiles the individual reports into an annual statewide report, which is then submitted to the General Assembly. This report is to include activities for the 2008/2009 state fiscal year (July 1, 2008 through June 30, 2009).

The requirement of the C fund law as it relates to the minimum amount each CTC is required to spend on the state highway system is delineated in Section C. This section states, "At least twenty-five percent of a county's apportionment of C funds, based on a biennial averaging (rolling two-year average) of expenditures, must be expended on the state highway system for construction, improvements, and maintenance." SCDOT match guidelines have stipulated the CTCs matching portion will not count towards their 25% minimum; however, those monies that the CTCs elect to spend above and beyond the offered match amount will count. As last year, to distinguish between the two, expenditures on the state system for match programs will be recorded separately. A standardized annual report is attached for informational purposes. Please note that any activity on the state system should include the appropriate state road number. The state road number is necessary for tracking purposes of federal-aid roads.

Please submit your report, based on the format provided, signed by the CTC chairman to my attention no later than October 15, 2009. The C Program Administration office will review and assemble the reports for submission to the General Assembly.

Re: Landscaping/Beautification Project Proposal for L.C. Airport at Pelion

---

Eagle Scout Derek Lee is a pilot and a student at Heathwood Hall. As an Eagle Scout, Derek is required to perform a community service project. Due to his ties to aviation, Derek is requesting permission to perform a landscaping/beautification project at the Lexington County Airport at Pelion as his community service project. This has been discussed with Ed Salyer in regards to the liability. Ed has indicated that this type of project should be acceptable.

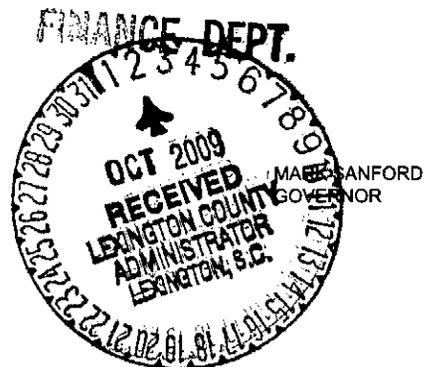

Staff is requesting permission from Council to allow Derek to move forward with his project.

GRANT AGREEMENT  
Part 1 - OFFER

Date of Offer: **September 24, 2009**

**Project No. 09-022**

TO: **Lexington County**  
(herein referred to as the "Sponsor")

FROM: The State of South Carolina (acting through the South Carolina Aeronautics Commission, herein referred to as "Aeronautics").

WHEREAS, The Sponsor has submitted to Aeronautics a Project Application dated **August 03, 2009**, a grant of State Funds for a project for development of the **Lexington County Airport at Pelion** together with plans and specifications for such a project, with Project Applications, as approved by Aeronautics is hereby incorporated herein and made a part hereof:

and

WHEREAS, Aeronautics has approved a project for development of the Airport ("herein called the "Project") consisting of the following described airport development:

**Rehabilitate south area apron**

All as more particularly described in the property map and plans and specifications incorporated in the said Project Application:

NOW THEREFORE, pursuant to and for the purposes of carrying out the provisions of this grant and in consideration of (a) the Sponsor's adoption and ratification of the acceptance of this offer and agreement, as hereinafter provided, and (b) the benefits to accrue to the State of South Carolina and the public from the accomplishment of the project and the operation and maintenance of the Airport, as herein provided.

THE STATE OF SOUTH CAROLINA ACTING THROUGH THE SOUTH CAROLINA AERONAUTICS COMMISSION, HEREBY OFFERS AND AGREES to pay, as South Carolina's matching share of the allowable cost incurred in accomplishing the project as per the following schedule:

<u>Funding Source</u>	<u>Amount</u>
State	\$ 11,158
Federal	\$ 424,020
Sponsor	\$ 11,159
Other	\$ 0

for a total cost of **\$446,337** subject to the following:

1. The maximum obligation of the State of South Carolina payable under this Offer and Agreement shall be: **\$11,158**, which all parties to this Agreement understand may be subject to the prior and continuing approval of the South Carolina Budget and Control Board and the General Assembly and its component review committees.
2. Aeronautics reserves the right to amend or withdraw this Offer at any time prior to its binding acceptance by the Sponsor.
3. This Offer shall expire and the State of South Carolina shall not be obligated to pay any of the allowable cost of the Project unless this Offer has been accepted by the Sponsor within 60 days from the above date of Offer or such longer time as may be prescribed by Aeronautics in writing.
4. The funds allocated by this Agreement shall be held in escrow for a period of one (1) year after the date of offer. If progress on the described project has not begun at that time, the funds will revert to Aeronautics for reallocation to other worthwhile projects.

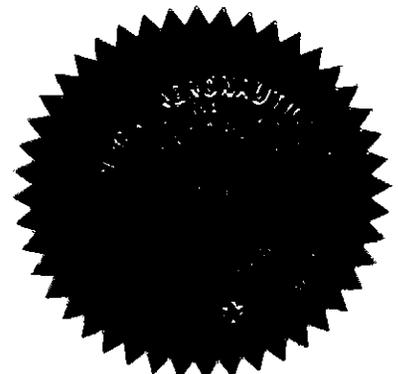

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application shall be evidenced by execution of Part II of this Agreement by the Sponsor. The respective obligations under this Grant Agreement shall become effective upon the Sponsor's acceptance of the Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the project but in any event not to exceed twenty years from the date of said acceptance.

## PART II - SPONSOR ASSURANCES

1. The Sponsor shall:
  - a. begin accomplishment of the Project within a reasonable time after acceptance of this Offer, but no later than one year from award of this Offer;
  - b. carryout and complete the project in accordance with the terms of this agreement, applicable policies of Aeronautics, and applicable statutes, regulations and fiscal policies of the State of South Carolina, and any applicable local ordinances;
  - c. carryout and complete the project in accordance with the plans and specifications and property map incorporated herein, including any revisions or modifications approved in writing by Aeronautics. Sponsor further agrees to copy Aeronautics as to all construction progress reports, payment applications, and completion documents and related correspondence within ten (10) days of document development or receipt.
  - d. submit all planning documents to Aeronautics for review and approval; and
  - e. notify Aeronautics, in writing, of any improvements to the airport so that same may be incorporated into the South Carolina Airport System Plan.
2. The Sponsor shall operate and maintain the Airport as provided in the Project Application.
3. Any misrepresentations or omission of a material fact by the Sponsor concerning the Project or the Sponsor's authority or ability to carry out the obligations assumed by the Sponsor in accepting this Offer shall terminate the obligation of the State of South Carolina and it is understood and agreed by the Sponsor in accepting this Offer that if a material fact has been misrepresented or omitted by the Sponsor, Aeronautics of Aeronautics, on behalf of the State of South Carolina, may demand and recover from Sponsor all grant payments made, plus interest at the legal rate prevailing at date of demand.
4. The Sponsor shall maintain the approaches to the airport in compliance with appropriate guidelines set forth in FAA Part 77 or other guidelines approved in writing by Aeronautics. Failure on the part of the Sponsor to take appropriate action to remove any and all obstructions in the approaches may result in withholding of any payment of the funds established by this agreement for the herein described project until such time as the necessary actions are taken.
5. The Sponsor shall maintain property insurance on the project to cover any and all losses. The amount of the coverage shall, at a minimum, be equal to the total cost of the project.
6. The Sponsor's Request for Final Reimbursement must have been received within ninety (90) calendar days after the Final Inspection has been accomplished in order to close out the project in a timely manner.

PART III - ACCEPTANCE

\_\_\_\_\_ (Sponsor) does hereby ratify and adopt all statements, representations, warranties, covenants, sponsor assurances and agreements contained in the Project Application and incorporated materials referred to in the foregoing Offer and does hereby unconditionally accept said Offer and by such acceptance agrees to all of the terms and conditions thereof.

Re: FAA Grant Offer for the Lexington County Airport at Pelion Apron Rehab Project

---

The FAA has approved Lexington County's grant application for the Apron Rehabilitation Project and they have submitted a grant offer to fund 95% (\$348,790.00) of the project cost. The project cost as shown on the grant application is \$367,147.00. Last year, the FAA approved a grant for 95% (\$75,230.00) of the preliminary engineering fees (\$79,190.00). This puts the total project cost at \$446,337.00. The remaining balance from both of these grants is \$22,317.00 or 5% of the total project. An SCDOA grant application has been submitted requesting 2.5% of the total project cost or \$11,159.00. This will leave Lexington County responsible for funding the remaining 2.5% or \$11,159.00.

If Lexington County accepts this grant offer, a grant agreement will need to be signed by you along with Jeff Anderson, Lexington County's attorney and submitted to Anthony Cochran with the FAA no later than August 31<sup>st</sup>. This will need to be sent overnight to the FAA once it is signed.

Please place this on the August 25<sup>th</sup> agenda to be addressed by the Airport Committee and then by full Council pending approval by the Committee.

**SOUTH APRON REHABILITATION PROJECT - PHASE 1**

This funding request is designed to improve general aviation service at the Lexington County Airport at Pelion (6J0) by rehabilitating the a portion of the existing apron pavement in the most critical condition and includes professional services costs for the following: rehabilitation alternatives analysis and cost estimating (as requested by the FAA), grant services associated with preparing and coordinating ACIP updates as well as grant applications and pre-applications, and design and bidding. No construction costs are included with this request.

Only a portion of the overall apron is currently being proposed for rehabilitation as shown on the attached sketch. The ensuing time period since the existing apron pavement was constructed serves as evidence that the pavement has reached its serviceable life and is due for rehabilitation and /or reconstruction. The pavements are exhibiting signs of deterioration including lane separation, block cracking, and loss of asphalt content between the aggregate due the age of the asphalt and the effects of oxidation from exposure to sunlight. This condition has the potential to contribute to FOD problems.

During the course of engineering the project, it will be determined the most effective method for rehabilitating the pavement.

The Pavement Condition Index (PCI) reported by the South Carolina Aeronautic Division in 2001 was between 61 and 70 for the majority of the paved surfaces. Approximately seven years have passed since this last evaluation, bringing the PCI values considerably lower. As a general rule, PCI values drop 3-5 "points" per year depending on loading and weather conditions, therefore making the PCI value between 26 and 49.

**PARTIAL APRON REHABILITATION PROJECT (CONSTRUCTION)**

This request is for Federal funding to construct the project as conceptually shown on the attached sketch. Funding was awarded in FY 2008 for the design and bidding of the project.

The project is designed to improve general aviation service at the Lexington County Airport at Pelion (6J0). The ensuing time period since the existing apron pavement was constructed serves as evidence that the pavement has reached its serviceable life and is due for rehabilitation.

Prior to the work proposed by this request, the pavements have only had maintenance-type work performed. Conversely, this element of work provides for the bidding and construction of a complete rehabilitation/reconstruction of a portion of the main parking apron. During the course of engineering the project, it will be determined the most effective method for rehabilitating the pavement.

The pavements are exhibiting signs of deterioration including lane separation, block cracking, and loss of asphalt content between the aggregate due the age of the asphalt and the effects of oxidation from exposure to sunlight. This condition has the potential to contribute to FOD problems.

The Pavement Condition Index (PCI) reported by the South Carolina Aeronautic Division in 2001 was between 61 and 70 for the majority of the paved surfaces. Approximately six years have passed since this last evaluation, bringing the PCI values considerably lower. As a general rule, PCI values drop 3-5 "points" per year depending on loading and weather conditions. The Airport Reference Code is A-I and as such the pavements should accommodate loadings of 12,500 pounds for single wheel aircraft. However, maintenance vehicles should be considered in determining the design vehicle.

**From:** Jim Starling, Engineering Associate III  
**Date:** 10/19/2009  
**Re:** Lex. Co. Airport at Pelion Taxiway "A" Re-Alignment

---

The southern end of the existing taxiway leading to and from runway 36 does not meet Federal Aviation Administration (FAA) regulations due to its current alignment and configuration (see attached). Recently the FAA and the South Carolina Division (SCDOA) suggested that Lexington County have a design completed and ready for a bid letting in case funding becomes available from the associated agencies as other airport projects fall out.

The LPA Group has provided a cost estimate for Preliminary Design and Final Design for the re-alignment of the taxiway in the amount of \$46,627.00. The design and construction of the taxiway re-alignment are both eligible for FAA (95%) and SCDOA (2.5%) grants. This was not included in the FY 2010-2014 Airport Capital Improvement Plan (ACIP), however, The LPA Group suggested that we incorporate it into the upcoming FY 2011-2015 ACIP.

The LPA Group recommended that Lexington County proceed with the design of the taxiway re-alignment at this time and submit all grant applications once the FAA indicates that funding will be available. Please have this placed on the October 27<sup>th</sup> agenda for approval by the Airport Committee and then to full Council that evening.

The Committee Minutes are left out intentionally until approved by the Committee. Upon the Committee's approval, the minutes will be available on the Internet.

## RESOLUTION

**THE COUNCIL FOR THE COUNTY OF LEXINGTON, SOUTH CAROLINA, MEETING IN GENERAL SESSION THE 27TH DAY OF OCTOBER, TWO THOUSAND AND NINE, ADOPTED THE FOLLOWING:**

**WHEREAS**, the City of Cayce held a Master Plan Charrette to obtain ideas on how to stimulate tourism, economic development, and strengthen its sense of community; and

**WHEREAS**, the Charrette resulted in schematic drawings of a beautification proposal for the Airport Corridor (Airport Boulevard and Knox Abbott Drive); and

**WHEREAS**, Lexington County recognizes that the Airport Corridor serves as the gateway to the greater Columbia Metropolitan area and provides a priceless first impression to visitors and prospective businesses traveling to and from the Airport; and

**WHEREAS**, Lexington County acknowledges the importance of beautifying the entrance to the Columbia Metropolitan Airport; and

**WHEREAS**, Lexington County recognizes that beautification of the Airport Corridor will benefit Lexington County and the greater Columbia Metropolitan area; and

**WHEREAS**, funding for the Airport Corridor will be sought from Federal, State, and local entities.

**NOW, THEREFORE, BE IT RESOLVED** that we, Lexington County Council support the Airport Corridor Beautification Project and join together with the City of Cayce, City of West Columbia, the Town of Springdale, Richland County, and the City of Columbia to garner financial and community support for beautification improvements to the Airport Corridor.

MEMORANDUM

(O) 785-8166

(F) 785-2240

**DATE:** October 15, 2009

**TO:** Katherine L. Hubbard  
County Administrator

**THROUGH:** Reggie Murphy  
Procurement Manager

**FROM:** Jeffrey A. Hyde  
Procurement Officer

**SUBJECT: EMS Medical Supplies (Term Contract)  
C10003-09/18/09H  
Public Safety/EMS**

---

Competitive bids were solicited and advertised for a term contract for EMS Medical Supplies. The county received sixteen (16) responsive bids on September 18, 2009.

The bids were evaluated by Brian Hood, Public Safety/EMS Director; J. Stuart Platt, Public Safety Logistics Officer; and Jeffrey A. Hyde, Procurement Officer. It is our recommendation to make multiple awards for this contract - to the lowest responsive, responsible bidder per line item. The annual cost of this contract is estimated at \$210,068.06, including the applicable sales tax. (See attached bid tabulation).

It is our recommendation to award this term contract for the initial period of one (1) year with the option to extend the contract for up to four (4) additional one (1) year periods, if deemed to be in the best interest of the County.

I concur with the above recommendation and further recommend that this bid be placed on County Council's agenda for their next scheduled meeting on October 27, 2009.

Bid from All American Poly is deemed unresponsive, due to the minimum order for free freight. Received a "No Bid" from Zoll Medical Corporation.

All items were awarded to the lowest "responsive, responsible" bidder. Tie bids were decided by a coin toss.

Items #122, #163 thru #166 were not awarded, as no one met the specifications.

**MEMORANDUM**

(O) 785-8319

(F) 785-2240

**DATE:** October 7, 2009

**TO:** Katherine L. Hubbard  
County Administrator

**THROUGH:** Reggie Murphy  
Procurement Manager

**FROM:** Angela M. Seymour  
Procurement Officer

**SUBJECT:** (2) Vehicles and Accessories (Additions)  
Sheriff's Department

---

We are in receipt of a requisition for the purchase of (2) fleet vehicle additions including the accessories for the Sheriff's Department. All vehicles requested are being purchased from Vic Bailey Ford through South Carolina State Contract #4400000357. These vehicles are recommended and approved in accordance with the Fleet Management Policy by Ellis Gammons, Fleet Manager.

The total cost including applicable sales tax for all vehicles and accessories is \$44,108.00.

Funds are appropriated in the following account:

2419-151200-5AA292	(2) Vehicles (Ford Explorer) and Accessories - Additions	\$47,520.00
--------------------	--	-------------

I concur with the above recommendation and further recommend that these purchases be placed on County Council's agenda for their next scheduled meeting on October 27, 2009.

**RE: November & December 2009 Schedule**

---

As the holidays are fast approaching, Council may want to review the scheduled meeting dates for the months of November and December. At present Council is scheduled to meet November 10 and 24 and December 8 and 22. County offices will be closed on November 11 (Veteran's Day), November 26 and 27 (Thanksgiving), December 24, 25 and 28 (Christmas), and January 1, 2010 (New Year's Day).

If Council wishes to make revisions to the November and December meeting schedule, it would be helpful to make a decision as soon as possible so that staff can plan accordingly. Of course, the Chairman can always call a special meeting if needed.

Thank you.

# DRAFT update (as of October 1, 2009)

## Chapter 5. Signs

### 25.00 Intent and Purpose

The purpose of this chapter is intended to accomplish the following objectives:

- a. To encourage a high standard for signs ~~in order that they should be appropriate~~ and to enhance the aesthetic appearance and attractiveness of the community, and; ~~to further;~~ create an aesthetic environment that contributes to the ability of the community to attract ~~sources of~~ economic development and growth.
- b. To ensure that signs are designed, constructed, installed, and maintained so that public safety and traffic safety are not compromised.
- c. To minimize ~~the~~ distractions and ~~the~~ obstructing ~~ing~~ions-of-views that contributes to traffic hazards and endanger ~~the~~ public safety.
- d. To allow for adequate and effective signs for communicating identifications and promoting businesses.
- e. In the interest of public safety, the visibility of street name signs, street address information, and address numbers for use by emergency responders (fire, police and medical) is of preeminent importance and should be considered during the placement of signs covered under this ~~section~~ chapter.

### 26.00 Definitions and Quick Reference Chart

Advertising Signs. Any signs, pictorial or otherwise, regardless of size or shape, which direct attention to a business, commodity, attraction, profession, service, or entertainment conducted, sold, offered, manufactured, existing, or provided at a location other than on the premises where the sign is located or to which it is affixed. Such signs are sometimes called off-premise signs, and include, but are not limited to, those signs commonly referred to as outdoor advertising signs, billboards, or poster boards.

Audible Signs. Signs which emit any sound capable of being detected on a public road or adjoining property.

Awning Signs. See Marquee Signs definition.

Banners. Signs intended to be hung either with or without a frame, possessing characters, letters, illustrations, or ornamentations applied to plastic or fabric of any kind, excluding flags and emblems of political, professional, religious, educational, governmental, or corporate organizations.

Business Signs. Any signs, pictorial or otherwise, regardless of size or shape, which direct attention to a business, commodity, attraction, profession, service, or entertainment conducted, sold, offered, manufactured, existing, or provided on the premises where the sign is located or to which it is affixed. Such sign shall also include such representations painted on or otherwise affixed to any exterior portion of a business. Business signs are sometimes called on-premise signs.

Canopy Signs. Signs that are erected on a separate, freestanding roof-like covering.

Changeable Copy Signs. Signs on which message copy is changed manually through the utilization of attachable letters, numbers, symbols, and other similar characters or changeable pictorial panels. Poster panels and printed boards are not considered changeable copy signs.

Commercial Center. A commercial complex consisting of more than one retail, commercial, or office establishment grouped together, usually developed under one ownership or management, and generally sharing parking areas and vehicular entrances and exits.

Contractors' Signs. Signs displaying the names of the builders, contractors, architects, engineers, craftsmen, artisans, and similar information erected upon the premises of any work, construction, major repairs, or improvements.

Development / Project Signs. Signs announcing a planned residential, office, business, industrial or mixed use development.

Directory Signs. Any signs listing only the names, uses, or locations of more than one business, activity, firm, professional office, or tenant within a building, group of buildings, or commercial center.

Display Area. That area of a sign including the entire area within a regular geometric shape (square, rectangle, triangle, circle, or semicircle) or combination of regular geometric shapes enclosing all of the elements of informational or representational matter displayed, including blank masking or any surface shape intended to convey ideas, information, or meaning. The display area shall also include any painted portion, whether on a sign or building edifice, that serves as a part or all of a logo or other advertisement for any business product or activity. Frames or structural members not bearing informational or representational matter shall not be included in calculating the display area. For double-faced signs that are relatively parallel (forming an angle of 45 degrees or less) and supported by the same structure, the display area of the sign equals the total display area of the largest face. The display area of other multiple-faced signs equals the total display area of all faces.

Driveway Signs. Signs indicating the direction of travel for driveway ingress and/or egress.

Electronic Message Board. An electrical or electronic sign using **digital technology** or a pattern of lights to form various words or graphics which is capable of changing copy continuously.

Flag. A piece of durable fabric of distinctive design that is used as a symbol or decorative feature. Pennants do not qualify under this definition.

Flashing Signs. Signs that use a blinking, intermittent or flashing light source.

Freestanding Signs. Signs that are permanently secured in the ground and which is not attached to, supported by, or erected on a building or other structure having a principal function other than support of such signs.

Illuminated Signs. Signs either internally or externally lighted by an artificial source.

Incidental Signs. Signs used in conjunction with equipment or other functional elements of a use or operation. These shall include, but not be limited to drive through window menu boards, and signs on automatic teller machines, gas pumps, vending machines, or newspaper delivery boxes.

Inflatable Signs. Any signs that are either expanded to their full dimensions or supported by gases contained within the sign parts, at a pressure greater than atmospheric pressure. Untethered airships are not considered to be inflatable signs. Also see Portable or Moveable Signs.

Marquee Signs. Any signs erected, stenciled, engraved on, attached to, or suspended from a marquee. A marquee is defined as any hood, awning (with or without stanchions), or roof-like structure of permanent construction, which is supported from a wall of a building and projects beyond the building wall, and is generally designed and constructed to provide protection against weather.

Moving Signs. Any sign that has movement caused by means other than the movement of air over the face of the sign or into the body of the sign (see windblown signs).

Off-Premise Signs. Any signs, pictorial or otherwise, regardless of size or shape, which direct attention to a business, commodity, attraction, profession, service, or entertainment conducted, sold, offered, or manufactured, existing, or provided at a location other than on the premises where the sign is located or to which it is affixed. Such signs include, but are not limited to, signs commonly referred to as outdoor advertising signs, billboards, or poster boards.

On-Premise Signs. Any signs, pictorial or otherwise, regardless of size or shape, which direct attention to a business, commodity, attraction, profession, service, or entertainment conducted, sold, offered, or manufactured, existing or provided on the premises where the sign is located or to which it is affixed. Such signs shall also include such representations painted on or otherwise affixed to any exterior portion of a business. See Business Signs.

Pennants. Any lightweight plastic, fabric, or other material, regardless of shape, whether or not containing a message of any kind, suspended from a rope, wire, or string, usually in a series, designed to move with the wind.

Political Campaign Signs. Signs announcing candidates seeking public office or relating to any election or public referendum.

Portable or Moveable Signs. Any signs, which rests upon, but are not attached to the ground, a structure, a frame, building, or other surface. Such signs include, but are not limited to, the following: trailer signs, signs mounted to and/or displayed from a parked vehicle (see Section 26.40k for allowable vehicle signs), sandwich board signs, sidewalk or curb signs, and inflatable signs.

Projecting Signs. Any signs which are erected on a building wall or structure and extend beyond the wall of the building more than twelve inches.

Projection Signs. Any signs or graphics that are projected on a wall, building, street, screen, or natural backdrop, originating from any projection device which would include, but not be limited to, laser lights, slide or video projections, and any other computer or electronic device.

Public Information Signs. Signs that display information pertinent to the safety, legal responsibilities, or the well being of the general public to include, but not be limited to, warning, no trespassing signs, restrooms, public telephones, walkways, entrance and exit drives, and traffic directions.

Real Estate Signs. Signs offering real estate for sale, rent, or lease.

Residential/Commercial/Industrial Subdivision and Residential Development Signs. Permanent signs displaying no information other than the name of the subdivision, group housing development, apartment/condominium complex, or mobile home park.

Seasonal Signs. On-Premise signs advertising seasonal or holiday products or services.

Sign. Any device which informs or attracts attention.

Short Term Personal Information Signs. Signs such as garage sale, lost and found pets, and wedding and reception directions.

Sponsorship Signs. Signs employed by a school or by a civic, fraternal, religious, charitable or similar organization, which identifies the sponsor (by name, address and/or logo, crest, insignia, trademark or emblem only) of recreational or sports facilities provide on the premises where such signs are displayed. "Sponsorship Fence Signs" shall mean sponsorship signs affixed to permanent fencing. "Facility" shall mean the entire premises of an elementary or secondary school or a recreation or sports facility.

Street Frontage. That property line of a parcel that abuts a public or private road. In those cases where no property lines abut a road, 25% of the parcel's perimeter shall be a substituted measurement for street frontage for the purpose of calculating the maximum display area and number of freestanding signs allowed, as though that parcel had only one street frontage.

Temporary Directional Signs. Directional signs intended for use with seasonal activities and civic or community special events not associated with permanent business activities.

Temporary Signs. Signs which are not permanently installed in the ground or affixed to any structure or building, and which are erected or displayed for a period of time as allowed in this ordinance.

Vehicular Signs. Signs on vehicles or trailers, which are in a street legal operating condition.

Wall Signs. Signs attached to the exterior wall of a building or structure, which do not extend beyond the building wall more than twelve inches.

Window Signs. Signs intended for viewing from the exterior of a window or door.

Windblown Sign. Any banner, device, or display designed to be moved by natural or artificially generated sources of air, that contains a written or pictorial message.

## 26.10 General Provisions

### 26.11 Construction Standards

All signs shall comply with the appropriate provisions of the County's Building Code, and shall maintain clearances from all overhead electrical conductors in accordance with the National Electric Code, provided that no sign shall be installed closer than 10 feet horizontally or vertically from any conductor. Temporary signs shall be erected or placed to remain in the intended location and not to become a safety hazard or litter problem.

### **26.12 Unsafe or Hazardous Signs**

No sign shall be erected or allowed to remain erected that, in the opinion of the County Building Official, is structurally unsafe and constitutes a danger to the public safety. If any sign should become insecure, in danger of falling, or otherwise unsafe, the owner thereof or the person maintaining the sign shall immediately secure or remove the sign.

### **26.13 Maintenance**

To insure that signs are maintained in a safe and aesthetic manner, the following maintenance requirements shall apply to all signs.

- a. No sign shall be allowed to have more than 20 percent of its display area, reverse side, or structure covered with disfigured, chipped, cracked, ripped, or peeling paint or poster paper for a period of more than 30 successive days.
- b. No sign shall be allowed to remain with a bent or broken display area, broken supports, loose appendages or struts, or stand more than 15 degrees away from the perpendicular for a period of more than 30 successive days.
- c. No sign shall be allowed to have weeds, trees, vines, or other wild vegetation growing upon it for a period of more than 30 successive days.
- d. No indirect or internally illuminated sign shall be allowed to have only partial illumination for a period of more than 30 successive days.

### **26.14 Public Right-of-Way**

No portion of any sign shall overhang or encroach upon any public right-of-way.

### **26.15 Illuminated Signs**

All illuminated signs must meet the performance standards related to light and glare as described in Article 2, Section 24.50.

### **26.20 Exempt Signs**

The following are not subject to these sign regulations:

- a. Signs not exceeding one square foot in area and bearing only property numbers, post office box numbers, or names of occupants on premises not having commercial connotations.
- b. The single flag or insignia of the United States or any other governmental or corporate entity, except when displayed in connection with commercial promotion.
- c. Legal notices or identification, public information signs, and directional signs erected as required by governmental bodies.
- d. Integral decorations or architectural features of buildings or grounds, except letters, trademarks, moving parts, or moving lights.
- e. Signs not exceeding four square feet in area directing and guiding traffic on private property.
- f. Wall identification signs and commemorative plaques not more than four square feet in area, memorial cornerstones or tablets providing information on building erection or commemorating a person or event.
- g. Signs which are not designed to be visible beyond the boundaries of the parcel on which they are located or from any public thoroughfare or right-of-way.
- h. Incidental signs or trademarks or product names which are displayed as part of vending machines, dispensing machines, automatic teller machines, and gasoline pumps.

### **26.30 Prohibited Signs**

#### **26.31 Signs Imitating Traffic or Emergency Signals**

No sign shall be ~~permitted~~ **allowed** which imitates an official traffic sign or signal, or contains words or symbols displayed in a manner which might mislead or confuse drivers of vehicles, or which displays intermittent lights resembling the color, size, shape, or order of lights customarily used in traffic

signals, on emergency vehicles, or on law enforcement vehicles, except as part of a permitted private or public traffic control sign.

### **26.32 Audible Signs**

No sign shall be ~~permitted~~ **allowed** which emits any sound capable of being detected on a public road or adjoining property.

### **26.33 Flashing Signs**

No sign shall be ~~permitted~~ **allowed** which utilizes flashing, blinking, or strobe-type lights, or any type of pulsating or moving light. ~~except -~~ **Electronic message boards may only be used** in accordance with the provisions of this chapter. ~~However, electronic message boards are not allowed to flash a static message.~~

### **26.34 Moving Signs**

No sign shall be ~~permitted~~ **allowed** which moves or presents the illusion of movement in any manner, when such movement is provided by means other than the movement of air.

### **26.35 Signs Attached to or Painted on Selected Features**

No sign shall be ~~permitted~~ **allowed** which is attached to a utility pole or street sign, or is attached to or painted on tree trunks, rocks, or other natural objects.

## **26.40 Temporary Signs**

In keeping with Section 25.00 Intent and Purpose, temporary signs that are in compliance with the requirements of Section 22.10 Driveway and Street Restrictions, Section 26.10 General Provisions, Section 125.00 Conflict with Other Laws, and all other applicable requirements of this Ordinance, shall be allowed.

#### **a. Banners over Public Rights-of-Way**

Banners spanning over public rights-of-way are allowed, subject to approval by the appropriate South Carolina Department of Transportation agency or appropriate local governmental (County or Municipal) agency responsible for maintenance of the right-of-way. Banners attached to existing utility pole shall require the approval of such utility agency.

#### **b. Contractors' Signs**

Contractor's Signs displaying the names of the builders, contractors, architects, engineers, craftsmen, artisans, and similar information may be erected upon the premises of any work, construction, major repairs, or improvements. The display area of such signs shall not exceed 32 square feet in Restrictive Development Districts and 50 square feet in Intensive Development Districts. Such signs shall be removed within seven days of the completion of the work.

#### **c. Pennants**

**Pennants are** any lightweight plastic, fabric, or other material, regardless of shape, whether or not containing a message of any kind, suspended from a rope, wire, or string, usually in series, designed to move with the wind. Pennants shall be limited to two strands for every 100 feet of road frontage or portion thereof. A strand is defined as being between two attachment points. Pennants and/or attachment points shall be set back a minimum of 10 feet from the road rights-of-way. Pennants are allowed only in conjunction with the permitting of Portable or Movable signs.

#### **d. Political Campaign Signs**

Signs announcing candidates seeking public office or relating to any election or public referendum shall be allowed. Such signs shall be placed only on private property, and removed within seven days after the election or referendum. These signs do not have to be set back from road rights-of-way.

#### **e. Portable or Movable Signs**

Portable or movable signs shall be permitted up to two separate times per year for a period not to exceed 30 consecutive days per occurrence. Portable signs must be located at least 20 feet from any adjoining business signs or small advertising signs. Pennants are allowed only in conjunction with a permit under this section and in accordance with Section 26.40c.

Individual business centers and commercial centers may have one portable sign per 200 feet of street frontage or portion thereof. Tenants are limited to one portable sign per occurrence. A parcel with frontage on different streets shall have the frontages regulated independently as to number of signs allowed. Multiple signs allowed on the same frontage of the same parcel must be located at least 200 feet apart. Private restrictive covenants and/or lease agreements for business centers and commercial centers may include more restrictive policies for these types of signs.

**f. Real Estate Signs**

Real Estate Signs are temporary signs offering real estate for sale, rent, or lease. These signs do not have to be set back from road rights-of-way, but still must comply with the engineering criteria found in the Lexington County Land Development Manual and the Driveway Restrictions found in Section 22.10 of this Ordinance.

On-Premise – The real estate sign display area shall not exceed 6 square feet for individual parcels restricted for residential use only and 32 square feet for all other parcels. There may be only one sign per 200 feet of street frontage or portion thereof and such signs shall be removed within seven days of the conveyance or lease of the property.

Off-Premise – Real estate signs not exceeding 4 square feet in area and 2½ feet in height are allowed off-premises, provided they are located on private property with the property owners’ permission. These signs do not have to be set back from road rights-of-way. Such signs shall be removed within seven days of the conveyance or lease of the property.

On-Premise Subdivision/Development/Project Signs shall be allowed in addition to the permanent Subdivision/Development Signs provided they do not exceed 32 square feet, one per entrance, and are meet the same restrictions for On-Premise and Off-Premise Real Estate Signs, except that Off-Premise Development/Project Signs shall be removed after 75 100 percent of the original lots, units, etc. have been sold or leased.

Off-Premise Subdivision/Development Signs shall be allowed provided they are located on private property with the property owners’ permission and meet the following requirements:

1. They must be located ~~within one mile of~~ no further from the subdivision or development than the first intersection with an Arterial (A) street. If there are multiple directions to arrive at the project there may be multiple signs with the maximum distance allowed determined independently in each direction.
2. These signs shall not contain more than 24 square feet in display area. The decorative structure on which the sign is displayed may not exceed 32 square feet.
3. The maximum height of the sign and/or decorative structure shall be 4 feet.
4. These structures and signs must have the same appearance as the permanent on-site signs and be constructed of the same or similar materials.
5. These off-premise signs must be removed after 90 percent of the lots, units, etc. have been sold or leased.

Multiple subdivisions/developments desiring to place off-premise directional signs on the same property are encouraged to share a single sign structure. They must meet the same size and location requirements of this section, however, the maximum height of the sign structure may be 8 feet. Materials used should be of similar quality as the permanent on-site signs, i.e. painted plywood would not be acceptable. A second sign in the same location that is not sharing a sign structure may not obstruct the view of the first sign.

**g. Seasonal Signs**

Seasonal Signs are signs advertising seasonal or holiday products or services [*could use more descriptive language here*]. These signs shall not exceed 32 square feet in area and must be located on private property with the property owner’s permission. There may be only one sign per 500 feet of street frontage or portion thereof and such signs must be removed within seven days after the end of the season. These signs do not have to be set back from road rights-of-way.

#### **h. Short-Term Personal Information Signs**

Short-term personal information signs, such as garage sale, lost and found pets, and wedding and reception directions, are allowed provided they are located on private property with the property owner's permission. These signs shall not exceed six square feet in size, are limited to no more than seven consecutive days, and must be removed within twenty-four hours after the completion of the event. These signs do not have to be set back from road rights-of-way.

#### **i. Sponsorship Signs**

**Sponsorship Signs** are signs employed by a school or by a civic, fraternal, religious, charitable or similar organization, which identifies the sponsor (by name, address and/or logo, crest, insignia, trademark or emblem only) of recreational or sports facilities provided on the premises where such signs are displayed. "Sponsorship Fence Signs" shall mean sponsorship signs affixed to permanent fencing. "Facility" shall mean the entire premises of an elementary or secondary school or a recreation or a sports facility. These signs are intended to be used for a specific event or sporting season. They must meet all safety standards and local event/location restrictions imposed by the event committee, site owner, etc. Such signs intended to remain beyond the event or sporting season limitation shall be regulated as permanent signs under the appropriate definitions found in this ordinance.

#### **j. Temporary Directional Signs**

**Temporary Directional Signs** are intended for use with seasonal activities ~~and~~ for civic, church, or community special events *[could use more descriptive language here]* not associated with permanent business activities. These signs ~~shall be limited to eight in total number and~~ shall not exceed 12 square feet per sign and must be located on private property with the property owner's permission. **There may be only one sign per 500 feet of street frontage or portion thereof and such** ~~These~~ signs do not have to be set back from road rights-of-way. These signs must be removed within seven days after the end of the season or after the individual event for which it was intended. Such signs do not constitute a land use unto themselves and are not considered Off-Premise Advertising Signs.

#### **k. Vehicular Signs**

**Vehicular Signs** are signs on vehicles or trailers, which are in a street legal operating condition. Signage, no matter how attached or painted, on a currently, properly licensed vehicle (motorized or not - including trailers) used in the everyday conduct of the business or activity that it is advertising, is allowed. Vehicles with such signage may be parked in normal designated parking places, but not on grassy areas, sidewalks, or other locations not normally available to customers or patrons of the business. Disabled or unlicensed vehicles, on which signage has been placed, shall be regulated as permanent signs under the appropriate definitions found in this Ordinance. Signs resting upon, mounted to and/or displayed from a parked vehicle, used other than as described above, shall be considered as Portable or Movable Signs.

### **26.50 Business Signs**

#### **26.51 Location**

In Intensive Development Districts these signs must comply with the same buffering restrictions as the principal activity for which they advertise, except that they may be erected within the required setback unless other more restrictive provisions of this Ordinance apply. In Restrictive Development Districts these signs must comply with the same buffering restrictions as the principal activity for which they advertise. However, in all districts, any portion of a business sign must maintain at least a ten-foot setback from all property lines and the existing road right-of-way, unless otherwise specifically stated in this Ordinance. If the distance from the edge of the road to the right-of-way is greater than 20 feet, the ten-foot setback from the road right-of-way shall not apply. No sign shall be allowed to violate any of the requirements of Section 22.10, Driveway and Street Restrictions.

#### **26.52 Maximum Display Area, Height, and Number of Signs**

Individual businesses and commercial centers may have one freestanding business sign per 500 feet of street frontage or portion thereof. These signs shall comply with the following height and display area requirements:

<b>Location</b>	<b>Maximum Static Display Area per Sign</b>	<b>Maximum Changeable Copy or Electronic Message Board</b>	<b>Maximum Height</b>
Restrictive Development Districts	75 square feet	40 square feet	15 feet
Intensive Development Districts	100 square feet	60 square feet	20 feet
Commercial Centers in ID District	300 square feet	80 square feet	35 feet
Commercial Centers in RD District	150 square feet	40 square feet	15 feet

Both the maximum static display area and the maximum changeable copy/electronic message board area may be utilized as part of each allowed individual or commercial center sign. However, the maximum display area per sign shall not be increased with any exchange or substitution of the allowable area for changeable copy or electronic message.

A parcel with frontage on different streets shall have the frontages regulated independently as to number of signs allowed.

A parcel with street access only by an easement over another parcel may consider that easement frontage as an allowed location for a business sign provided it is allowed by the easement agreement. A similar parcel that includes ownership of the strip of property which provides access may also consider that frontage as an allowed location for a business sign. In both situations the signs must meet all of the requirements of this section including location restrictions.

Multiple signs allowed on the same frontage of the same parcel must be located at least 500 feet apart.

The maximum display area allowed for commercial centers includes any directory signs. In addition, each business within a commercial center may erect one wall, projecting, or marquee sign; and, each individual business not within a commercial center may erect one wall, projecting, or marquee sign per street frontage.

Changeable Copy Signs. Signs on which message copy is changed manually through the utilization of attachable letters, numbers, symbols, and other similar characters or changeable pictorial panels. Poster panels and printed boards are not considered changeable copy signs.

Commercial Center. A commercial complex consisting of more than one retail, commercial, or office establishment grouped together, usually developed under one ownership or management, and generally sharing parking areas and vehicular entrances and exits.

Directory Sign. Any sign listing only the names, uses, or locations of more than one business, activity, firm, professional office, or tenant within a building, group of buildings, or commercial center.

Electronic Message Board. An electrical or electronic sign using digital technology or a pattern of lights to form various words or graphics which is capable of changing copy continuously. Images displayed using digital technology must be static messages and the content shall not include animated, flashing, scrolling or full-motion video elements. Static images may not be continuously changing in such a manner that the changes are prominently visible to the traveling public. Electronic Message Boards may change static messages once every 15 seconds provided the message does not change through flashing, scrolling, or any type animation. All digital business signs shall have a method for controlling the illumination intensity or brilliance of the sign so that it shall not cause glare or impair the vision of motorists. These signs shall not exceed a maximum illumination of 7500 nits (candelas per square meter) during daylight hours and a maximum illumination of 500 nits between dusk to dawn as measured from the sign's face. This illumination can be regulated either by an automatic dimmer and photo cell sensor or through the use of computerized controls that accurately replicates these maximum illumination requirements.

### 26.53 Specialty Signs

Canopy Signs are any signs which are erected on a separate, freestanding roof-like covering. Only business logos or names are allowed as canopy signs, with a maximum of one logo or name on each canopy face. A logo is the symbol or trademark of a company. No portion of a canopy sign shall be permitted above the top of the roof of the covering to which it is attached, or permitted to be lower than

eight feet above ground level. An owner of a business with a canopy connected to a building has the option of using either canopy or marquee signage, but not both.

Driveway Signs indicating the direction of travel are required on all one-way driveways. These signs must be above-ground signs, with a maximum height of 2½ feet, and located at the edge of the existing road right-of-way.

Marquee Signs are any signs erected, stenciled, engraved on, attached to, or suspended from a marquee. A marquee is defined as any hood, awning, or roof-like structure of permanent construction, which is supported from a wall of a building and projects beyond the building wall, and is generally designed and constructed to provide protection against the weather. Such a sign shall not exceed 15 percent of the area of the wall of the first story of the building or business to which it is attached. **A maximum of 12 feet in height can be used for this 15 percent measurement.** No portion of a marquee sign shall be permitted above the top of the roof of the building to which it is attached, or permitted to be lower than 8 feet above ground level. The marquee sign information may be dispersed anywhere on the marquee as long as the total display area of all information does not exceed the 15 percent requirement.

Public Information Signs are signs containing no message, copy, announcement, or decoration other than instructions or directions to the public except for subordinate identity. Such signs include, but are not limited to, identifying the following: restrooms, public telephones, walkways, entrance and exit drives, freight entrances, and traffic directions. Information signs shall be allowed on business lots provided that no such sign shall exceed 6 square feet in display area. Information signs shall not count toward the maximum number of signs allowable nor the maximum display area of signs allowable.

Projecting Signs are any signs which are erected on a building wall or structure and extend beyond the building wall more than twelve inches. Such a sign shall not exceed 15 percent of the area of the wall of the first story of the building or business to which it is attached. **A maximum of 12 feet in height can be used for this 15 percent measurement.** No portion of a projecting sign shall be permitted above the top of the roof of the building to which it is attached, or permitted to be lower than 8 feet above ground level.

Residential/Commercial/Industrial Subdivision and Residential Development Signs are permanent signs displaying no information other than the name of the subdivision, group housing development, apartment/condominium complex, or mobile home park. Such signs may be either single signs or gateway signs (paired signs on each side of an entrance). These signs shall not exceed 100 square feet each in display area, and shall not exceed a height of 6 feet. However, the display area and height restrictions are not intended to apply to the entire decorative structure on which the sign is displayed. Within the same project, a single sign or pair of gateway signs must be at least 300 feet from another single sign or pair of gateway signs. Such signs shall also be exempt from the 10-foot setback restriction of Section 26.51, but still must comply with the engineering criteria found in the Lexington County **Land Development Guidelines Manual** and the Driveway Restrictions found in Section 22.10 of this Ordinance. A sign can be located in a road right-of-way median if such sign complies with all engineering criteria found in the Lexington County Development Guidelines.

Wall Signs are signs attached to the exterior wall of a building or structure which do not extend beyond the building wall more than 12 inches. Such a sign shall not exceed 15 percent of the area of the wall of the first story of the building or business to which it is attached. **A maximum of 12 feet in height can be used for this 15 percent measurement.** No portion of a wall sign shall be permitted to project above the wall of the building to which it is attached except in the case of signs mounted to the roof in which case no portion shall project above the top of the roof. The wall sign information may be dispersed anywhere on the wall as long as the total display area of all information does not exceed the 15 percent requirement. A “mural” is a painting applied to a wall containing no advertisement for any business product or activity. A mural, as defined, will not be considered a wall sign.

#### **26.54 High Rise Buildings**

Buildings which exceed five stories in height shall be permitted to erect one wall sign per wall at the top story of the building. Such signs, shall only identify the name of the building or the major tenant. The display area of such signs shall not exceed 2 percent of the area of the wall to which it is attached. Such signs shall be permitted in addition to the requirements of this chapter.

**26.55 Businesses Signs on Scenic Corridors and/or in Restricted Development Districts**

The following additional restrictions shall apply on Scenic Corridors as defined in the Lexington County Landscape Ordinance.

Location	Maximum Static Display Area per Sign	Maximum Changeable Copy Area	Maximum Height
Business Sign in Scenic Corridor 1	60 square feet	30 square feet	6 feet
Business Sign in Scenic Corridor 2	60 square feet	30 square feet	6 feet
Business Sign in Scenic Corridor 3	100 square feet	60 square feet	10 feet
Commercial Center in Scenic Corridor 1 or 2	150 square feet	40 square feet	15 feet
Commercial Center in Scenic Corridor 3	200 square feet	60 square feet	20 feet

Illuminated signs, including changeable copy area, for individual businesses and commercial centers located on Scenic Corridors 1 and 2, as defined in the Lexington County Landscaping Ordinance, or in Restrictive Development Districts as defined in the Lexington County Zoning Ordinance, shall meet one of the following conditions:

Internally illuminated signs must be constructed so that only letters, numbers, and/or logos are illuminated; shall not have light reflecting backgrounds or letters; and shall have a matte finish.

Externally illuminated signs shall have a steady stationary light source that is shielded and directed solely at the sign; shall have white light sources; and shall not have light reflecting backgrounds or letters.

**NOTE:** *More research is being done to address color of signs in this entire Scenic section.*

If digital technology is used, it must replicate the appearance standards outlined above. Images displayed must be static messages and the content shall not include animated, flashing, scrolling or full-motion video elements. Static images may not be continuously changing in such a manner that the changes are visible to the traveling public. However, it is permissible to change images daily or hourly as necessary to communicate new information.

**26.60 Advertising Signs**

This chart is a summary of many of the following restrictions concerning advertising signs:

Locations where Advertising Signs are allowed	Maximum Display Area per Sign	Minimum Spacing	Maximum Height	Minimum Height
Advertising Sign on interstate highways	672 square feet	2000 feet from sign on the same side	110 feet	none
Advertising Sign on arterial (with at least 4 lanes)	378 square feet	1000-foot radius from another sign	45 feet	25 feet
Advertising Sign on arterial (with only 2 lanes)	288 square feet	1000-foot radius from another sign	45 feet	25 feet

**26.61 Location**

Advertising signs are identified as principal activities in this article and are therefore subject to all other provisions of this Ordinance. They shall be permitted only in the zoning districts where they are allowed, and provided only where they meet the street access requirements of this Ordinance. Regardless of the street access restrictions, advertising signs are allowed to locate on interstate highways, expressways, and frontage roads (except when classified RL4, RL5, or RL6) where their right-of-way is contiguous to an interstate highway or expressway; these signs, however, must be located within 200 feet of the right-of-way of the interstate or frontage road, if applicable. No

advertising sign shall be allowed on Scenic Corridors 1 and 2, as defined in the Lexington County Landscape Ordinance, or within 1000 feet of the banks of the Saluda, Congaree, or Edisto Rivers. Advertising signs will also not be allowed on Arterial (A) streets with only two lanes unless the location of the sign meets the following criteria. *(Need to create a description that fully addresses the change of development from residential/vacant to non-residential.)*

All portions of advertising signs must maintain at least a 10-foot setback from all property lines and the existing road right-of-way. If the distance from the edge of the road to the right-of-way is greater than 20 feet, the 10-foot setback from the road right-of-way shall not apply. In some locations, the required minimum setbacks may be greater than this. Such signs shall also comply with all provisions of Section 22.10, Driveway and Street Restrictions.

To minimize the opportunity for visual distraction during vehicular merge operations, advertising signs will be restricted within the vicinity of interstate interchanges and rest areas. No advertising sign located along an interstate may be erected within 500 feet of an interchange or rest area. The interchange or rest area is considered to begin or end at the point where the pavement widens for an entrance or exit ramp/lane. When the entrance or exit ramp/lane is not on the same side of the road as the proposed advertising sign, the point of measurement shall be determined by identifying the location of the relative pavement widening and applying it to an identical point on the side of the road where the advertising sign is proposed to be located.

#### **26.62 Maximum Display Area**

The maximum display area for any advertising sign located along an interstate shall be 672 square feet plus a 10 percent allowance for copy extensions. A copy extension is the part of the copy which extends beyond the edge or border of the sign, sometimes called a “cut-out” or “drop-out.”

The maximum display area of advertising signs on any other highway shall be 288 square feet plus 10 percent allowance for copy extensions, except for portions of Arterial (A) streets that have at least four lanes, which may have a maximum display area of 378 square feet plus 10 percent allowance for copy extensions. Those designated portions must have the appropriate zoning district to support advertising signs.

#### **26.63 Minimum Spacing**

No advertising sign located along an interstate shall be permitted to locate within 2000 feet of another sign on the same side of the roadway. For non-interstate highways no advertising signs shall be permitted to locate within a 1000-foot radius of another advertising sign.

#### **26.64 Maximum Height**

Advertising signs along interstates shall be permitted to a height of 110 feet above the elevation of the highest travel lane at the location of the sign. The maximum height of advertising signs along other roadways shall not exceed 45 feet above the elevation of the roadway.

#### **26.65 Minimum Height**

There shall be no minimum height of the display surface for advertising signs located along interstates.

The minimum height of the display surface of advertising signs on Arterial (A) Roads streets shall be 25 feet above the elevation of the roadway, unless the display area does not exceed 200 square feet and placement of the sign does not block visibility of an existing business sign.

#### **26.66 Small Advertising Signs Digital Technology**

~~Small advertising signs are not required to meet the spacing and height provisions of Sections 26.63, 26.64, and 26.65, provided they have less than 72 square feet of display area, conform to the location requirements for advertising signs, stay 20 feet from any adjoining business signs, 500 feet from other small advertising signs, and 300 feet\* from advertising signs on the same side of the highway; and do not exceed 15 feet in height.~~

~~\* As this is a state requirement, variances cannot be granted by the Board of Zoning Appeals.~~

Advertising signs using newer digital technology which allows static images to be changed instantly must follow the following restrictions:

- a. Images displayed must be static messages and the content shall not include animated, flashing, scrolling or full-motion video elements.
- b. The static images may be changed in succession at a rate no faster than once every 6 seconds.
- c. Spacing of digital faces of these signs which are visible from the same direction shall not be closer than 2000 feet apart.
- d. All digital advertising signs shall have an automatic dimmer and a photo cell sensor to adjust the illumination intensity or brilliance of the sign so that it shall not cause glare or impair the vision of motorists. These signs shall not exceed a maximum illumination of 7500 nits (candelas per square meter) during daylight hours and a maximum illumination of 500 nits between dusk to dawn as measured from the sign's face.

#### **26.67 South Carolina Code of Laws**

The sign regulations contained in this Ordinance are supplemented by the requirements of The State of South Carolina Department of Transportation which regulates off-premise advertising signs on interstate and federal aid road systems. A permit from the State of South Carolina may contain some restrictions which are in addition to the requirements of this Ordinance. Issuance of a Lexington County Zoning Permit does not imply approval of, or constitute a privilege to violate, any other applicable state or local ordinances, codes, laws, or private restrictive covenants.

*(from Article 11 – NONCONFORMITY)*

**Chapter 1. General**

**113.30 Required Notice**

Notice must be given by the Zoning Administrator at least six months prior to the enforcement of any of the provisions of this Article, *except for Sections 113.12 and 113.13 in which a 30-day notice shall be required.*

**Chapter 3. Nonconforming Signs**

**113.00 General Provisions**

**113.01 Nonconforming Activities**

Signs associated with a nonconforming activity may be continued during the lawful life of the activity, but shall be made to comply with all other applicable sign provisions after ten years.

**113.02 Reconstruction**

A nonconforming sign shall not be removed and rebuilt as a nonconforming sign, except when the South Carolina Department of Transportation or Lexington County Public Works requires the sign to be relocated for improvements within a road right-of-way. However, such relocation shall not increase the degree of nonconformity, as determined by the Zoning Administrator.

**113.03 Extension or Enlargement**

A nonconforming sign shall not be extended or enlarged except in conformity with these regulations.

**113.04 Reconstruction after Damage**

A nonconforming sign shall not be rebuilt, altered, or repaired except in conformity with these regulations after sustaining damage exceeding 50% of the replacement cost of the sign at the time of the damage.

**113.05 Ordinary Maintenance**

Nothing in this chapter shall be deemed to prevent the ordinary maintenance and repair of a nonconforming sign or replacement of a broken part of a nonconforming sign.

**113.06 Change of Copy**

Nothing in this chapter shall be deemed to prevent the ordinary change of copy on an advertising sign or a business changeable copy sign.

**113.10 Amortization**

The Board of Zoning Appeals may extend any deadlines contained in this Chapter if it is determined that the regulation would be a financial hardship for the owner of the sign. This hardship must have occurred through contractual obligations in effect before the adoption of these restrictions. However, in the case of the principal activity category of Churches, the Board should give special consideration to any financial hardship.

**113.11 Location**

Signs which are not an allowed activity because of district designation or road classification, shall be removed within ten years after the effective date of these regulations.

### **113.12 Advertising Signs**

All advertising signs which are nonconforming shall be allowed to remain as installed in their existing location as long as they comply with the provisions contained in Section 26.10.

Signs using Digital Technology as regulated in Section 26.66 shall be brought into compliance with these regulations within 90 days.

### **113.13 Business Signs**

All business signs which are nonconforming shall be allowed to remain as installed in their existing location as long as they comply with the provisions contained in Section 26.10.

Electronic Message Boards as regulated in Section 26.52 shall be brought into compliance with these regulations within 90 days.

### **113.14 Temporary Signs**

All nonconforming temporary signs shall be removed or made conforming within one year after the effective date of these regulations.

### **113.15 Special Requirements**

Any sign violating the provisions of Sections 26.10, 26.20, or 26.30 shall be removed or made conforming within 90 days after the effective date of these regulations.

### **113.16 Windblown Signs**

All nonconforming windblown signs shall be removed within nine months after the effective date of these regulations.

### **113.20 Change in Business Signs**

Whenever any nonconforming sign, or part thereof, is replaced, converted, or altered more than just the replacement of the sign face, the entire sign shall be brought into compliance with these regulations.

### **113.30 Substantial Repairs, Remodeling, or Expansion**

Whenever a business is repaired, altered, remodeled, or expanded to an extent exceeding 50% of the current replacement cost of the building within any period of 12 months, all signs, other than freestanding signs, shall be brought into compliance with these regulations.

**ORDINANCE 09-07**

**AN ORDINANCE AUTHORIZING PURSUANT TO CHAPTER 44 OF TITLE 12, SOUTH CAROLINA CODE OF LAWS, 1976, AS AMENDED, THE EXECUTION AND DELIVERY OF A FEE AGREEMENT BETWEEN LEXINGTON COUNTY, SOUTH CAROLINA AND HARSCO CORPORATION; AND MATTERS RELATING THERETO.**

**WHEREAS**, Lexington County (the “County”), a public body corporate and politic under the laws of the State of South Carolina has, by an Inducement Resolution adopted on \_\_\_\_\_, 2009 (the “Resolution”), taken official action to identify the project (as defined below) for purposes of applicable fee-in-lieu of taxes statutes and otherwise;

**WHEREAS**, the County desires to enter into a fee agreement (the “Fee Agreement”) with Harsco Corporation (the “Company”), which shall provide for payments of fees-in-lieu of taxes for a project qualifying under the provisions of Title 12, Chapter 44 of the Code of Laws of South Carolina 1976, as amended (the “Act”);

**WHEREAS**, the County and the Company desire to enter into a Fee Agreement concerning the expansion of a facility in the County which will consist of certain real property and personal property including all equipment, furnishings and other personal property required by the Company and any and all activities relating thereto (which properties constitute a project under the Act and are referred to herein as the “Project”). The Project is expected to provide significant economic benefits to the County and surrounding areas. In order to induce the Company to locate the Project in the County, the County has agreed to charge a fee-in-lieu of taxes with respect to the Project and otherwise make available to the Company the benefits intended by the Act;

**WHEREAS**, Lexington County Council (the “County Council”) has caused to be prepared and presented to the County Council the Fee Agreement between the County and the Company, which the County shall execute and deliver;

**WHEREAS**, as further inducement to the Company, the County will utilize an existing Multi-County Industrial Park which will include the site of the Company's existing facility (the “MCIP”) under the provisions of Article VIII, Section 13 of the Constitution of the State of South Carolina of 1895, as amended (the “State Constitution”), and Section 4-1-170 of the Code of Laws of South Carolina, 1976, as amended (collectively, the “MCIP Law”);

**WHEREAS**, it appears that the documents above referred to are appropriate instruments to be executed and delivered or approved by the County for the purposes intended;

**NOW, THEREFORE, BE IT ORDAINED** by the County Council in meeting duly assembled as follows:

**Section 1.** Pursuant to the Act and particularly Section 12-44-40(H) and (I) thereof, the County Council has made and hereby makes the following findings:

(a) The Project constitutes a “project” as said term is referred to and defined in Section 12-44-30 of the Act;

(b) It is anticipated that the Project will benefit the general public welfare of the County by providing services, employment and other public benefits not otherwise adequately provided locally;

(c) The purposes to be accomplished by the Project are proper governmental and public purposes;

(d) It is anticipated that the cost of planning, designing, acquiring, constructing and completing the Project will require expenditures of not less \$5 million;

(e) The benefits of the Project to the public are greater than the costs to the public;

(f) Neither the Project nor any documents or agreements entered into by the County in connection therewith will give rise to any pecuniary liability of the County or incorporated municipality or to any charge against its general credit or taxing power; and

(g) Having evaluated the purposes to be accomplished by the Project as proper governmental and public purposes, the anticipated dollar amount and nature of the investment to be made, and the anticipated costs and benefits to the County, the County has determined that the Project is properly classified as economic development property.

**Section 2.** In order to promote industry, develop trade and utilize the manpower, agricultural products and natural resources of the State, the form, terms and provisions of the Fee Agreement which shall be executed and filed with the Clerk to County Council which comply with the terms of the aforementioned Inducement Resolution are hereby approved and all of the terms, provisions and conditions thereof are hereby incorporated herein by reference as if the Fee Agreement was set out in this Ordinance in its entirety. The Chair of County Council and the Clerk to County Council be and they are hereby authorized, empowered and directed to execute, acknowledge and deliver the Fee Agreement to the Company.

**Section 3.** The Chair of County Council and the Clerk to County Council, for and on behalf of the County, are hereby each authorized and directed to do any and all things necessary to effect the execution and delivery of the Fee Agreement in a form substantially identical to the terms contemplated herein and the performance of all obligations of the County under and pursuant to the Fee Agreement.

**Section 4.** The consummation of all transactions contemplated by the Fee Agreement and a multi-county industrial park agreement are hereby approved.

**Section 5.** This Ordinance shall be construed and interpreted in accordance with the laws of the State of South Carolina.

**Section 6.** The provisions of this Ordinance are hereby declared to be separable and if any section, phrase or provision shall for any reason be declared by a court of competent jurisdiction to be invalid or unenforceable, such declaration shall not affect the validity of the remainder of the sections, phrases and provisions hereunder.

**Section 7.** All orders, resolutions, ordinances and parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed and this Ordinance shall take effect and be in full force from and after its passage and approval.

**DONE, RATIFIED AND ADOPTED** this \_\_\_\_\_ day of \_\_\_\_\_, 2009.

COUNTY OF LEXINGTON, SOUTH CAROLINA

ORDINANCE NO. 09-09

AN ORDINANCE ADOPTING SUPPLEMENTAL APPROPRIATION OF ONE HUNDRED SIXTY-FOUR THOUSAND (\$164,000.00) DOLLARS

Pursuant to the authority granted by the Constitution of the State of South Carolina and General Assembly of the State of South Carolina, be it ordained and enacted by the Lexington County Council as follows:

WHEREAS, since the adoption of the annual budget for the fiscal year 2009-2010, County Council has learned that the Riverbanks Parks Commission must pay a judgment in the amount of One Hundred Sixty-four Thousand (\$164,000.00) Dollars as the result of some litigation concerning the road access to the Zoo; and

WHEREAS, these funds were not appropriated in the budget appropriations for Riverbanks Parks Commission as set forth in the most recent fiscal year 2009-2010 budget;

NOW, THEREFORE, BE IT ENACTED that the County hereby appropriates One Hundred Sixty-four Thousand (\$164,000.00) Dollars to the Riverbanks Parks Commission with such revenues to be taken from the fund balance being held by the County for the benefit of Riverbanks Zoo.

Enacted this \_\_\_\_\_ day of \_\_\_\_\_, 2009.
