Description	What is your discount percentage off of the current catalog price?	What is your discount percentage off of the current catalog price?
Quantity	1	1
Estimated Delivery Date	12/6/2016	12/8/2016

Comment (Optional)	The Unit Price is 69.99 and the price offered in catalog is 79.99 which is approximately 12.5% discount.	Each line item has \$12.00 added for shipping to destination for each pair. A 25% discount will be taken off the \$12,00 for any orders placed on a PO for quantities of 30 pair or more. A 50% discount of the \$12.00 per pair shipping costs will be applied on all orders placed on a PO for quantities of 100 or more pairs. The above 25.8% is an average discount across the board for the 10 line items. A separate Excel spreadsheet will be emailed to Brad Cain listing Product, a live link to each boot or shoe, the retail price, our sell price to you with shipping added per item (one pair) and the discount that represents off Retail catalog pricing.
