SPECIFICATIONS

It is the intent of County of Lexington to award a contract to an authorized South Carolina dealer for Hurst Jaws of Life for the following:

- Service of all pumps, hose sets and tools
 - Service to include all pumps, hose sets and tools to be properly and completely flushed of old fluid and fluid replaced with new Hurst fluids per manufacturer's specifications. All fluids must be compatible with all pumps, hose sets and tools.
 - All pump pressures to be checked and adjusted if possible – depending on age and wear of pistons.
 - All MOC Cutters and X-Tractor Cutters to be broken down, cleaned, greased and torque to manufacturer's specifications.
 - All control valves checked, cleaned and tightened
 - ** Pigtails replaced as necessary
- All tools without Streamline Connections will be converted to assure all tools have streamline connections
- Two (2) MOC Ultra Cutters will have blade sets replaced with new Hurst MOC II blade sets
- Supply five (5) 30' hose sets

The entire contract will be awarded to a single vendor that is an authorized South Carolina dealer for Hurst Jaws of Life. All service work will be done by personnel certified to do said work by Hurst Jaws of Life. Service and Repairs must be done as required per NFPA 1936 "Standard on Powered Rescue Tools" 2010 Edition. Only Hurst Jaws of Life fluids and replacement parts are allowed. No Alternates or Approved Equals allowed.

Bidder will be required to attend a mandatory pre-bid to discuss the bid process. Bidders will then be required to visit each fire station with Hurst Jaws of Life Equipment. Bidders will visit fire stations with a representative of Lexington County Logistics Division on a schedule developed by the Logistics Division. A second mandatory meeting will be scheduled with bidders to assure all bidders have evaluated the same equipment and would be performing the same levels of service and repairs to the same equipment prior to submitting a bid.

Service work to be done over a period of three (3) days at three (3) fire station locations to be determined by the Fire Service. Hurst Jaws of Life equipment will all be in-service prior to service and will not be allowed to be taken out of service longer than the time required on service dates to perform service and replace couplings and blade sets. Vendor awarded bid will be required to have sufficient staff, fluids, couplings, blades, tools and equipment on site at the date of each service day to complete the service scheduled for that date. The following are the station locations and the list of equipment to be serviced:
