### Curbside Service

All Lexington County residents have access to curbside service. It's convenient, economical and reduces litter. Some cities provide this service. Residents in the unincorporated parts of the county (i.e., outside town limits) are encouraged to sign up for service by contacting the designated hauler for their area.

For more information, please call (803) 755-3325 or visit [www.lex-co.sc.gov/solidwaste](http://www.lex-co.sc.gov/solidwaste).

## Why should we recycle?

- Recycling is good for the economy and creates jobs for people in South Carolina.
- Recycling prevents materials from going into a landfill.
- Recycling saves natural resources like trees and petroleum.

## How should items be prepared for recycling?

- Place recyclable material **loosely** in recycling containers – **NOT in plastic bags!** Empty bags get caught in the sorting equipment and full bags prevent the equipment from identifying and sorting the contents.
- Empty and rinse all containers.
- No objects 2 X 2 inches or smaller are accepted.
- Paper labels **do not** need to be removed from glass, plastic or metal.
- When preparing **plastic containers**, if the top screws on, leave it on. If it pops off, take it off (and discard it).
- Keep **paper items** (e.g., cardboard, newspaper) clean and dry.
- **IN CURBSIDE BINS:**
  - Only include 1) plastic containers, 2) metal cans, 3) paper and cardboard, and 4) glass bottles and jars (if allowed in your area).
  - **Flatten** cardboard, cartons and paper, but **do not flatten** cans and bottles. (Discard loose metal lids.)
  - **Do not** include long, thin materials such as hangers or cords.
  - **Do not** include scrap metal or hazardous materials.
- When in doubt, leave it out ... or ask!
